

NOTICE OF A PROPOSAL

By SouthPoint Wind to Engage in a Renewable Energy Project

Project Name: SouthPoint Wind 1400MW Offshore Wind Energy Project
Project Location: On submerged crown lands in Lake Erie more than 2KM from the shores of Leamington, Kingsville, Union, Colchester, Lakewood Beach, Lakeshore, Deerbrook, Lighthouse Cove, Cedar Springs, Sandison, Port Crewe, Port Alma and Wheatley
Dated at the Municipality of Chatham-Kent this the 12th of February, 2010

SouthPoint Wind is planning to engage in a renewable energy project in respect of which the issuance of a renewable energy approval is required. The distribution of this notice of a proposal to engage in this renewable energy project and the project itself are subject to the provisions of the Environmental Protection Act (ACT) Part V.0.1 and Ontario Regulation 359/09 (Regulation). This notice must be distributed in accordance with section 15 of the Regulation prior to an application being submitted and assessed for completeness by the Ministry of the Environment.

Project Description:

Pursuant to the Act and Regulation, the facility, in respect of which the project is to be engaged in, is considered to be a Class 5 Wind Facility. If approved, this facility would have a total maximum name plate capacity of 1400 MW. The project location is described in the map below.

This project is being proposed in accordance with the requirements of the Act and Regulation. The Draft Project Description Report titled "Volume 2.0 Project Description Report (1400MW)" describes the facility as thirteen wind farms with a maximum name plate capacity of 1400MW undertaken in two construction phases and located more than 2km from the southern shores of Lake Erie and Lake St. Clair and the municipalities of Leamington, Kingsville, Essex, Amherstburg, Lakeshore and Chatham-Kent in the counties of Essex and Chatham-Kent. A written copy of the Draft Project Description Report is being made available for public inspection at <http://www.southpointwind.com>.
